Board of directors. Celora Martin Stoddard and M.L. Stoddard, both of Phoenix, AZ were designated as the resident agents in Arizona. The first meeting of the board of directors was March 2, 1916 at the office of Pierce, Critchlow & Barrette, 307 McCornick Building, Salt Lake City, Utah. During this meeting the principal place of business of the company was designated as its mine office at Ankeny, Lander County, Nevada and James A. McAllep was named resident agent of the company.

At this first meeting Critchlow presented for consideration by the Board the contract dated Jan. 26, 1916 which he had entered into on behalf of the company with the Buffalo Valley Gold Mining & Leasing Company, and the Mines Development Company of Nevada, for the purchase by this company, in consideration of its entire capital stock to be in part issued and in part retained in the treasury of the Company as provided in said contract, of certain mining claims and mining equipment in Lander County, Nevada. The contract was approved. An option to purchase 226,247 shares of company stock by O.G. Jennings of New York City was also approved.

By April of 1916, O.G. Jennings decided not to purchase any more stock so there were no funds in the treasury and operations were shut down; see notice to stockholders April 22, 1916; J.T. Reid, one of the principal stockholders, by order of the Board was requested to take charge of the mine until the directors and stockholders directed otherwise. The original directors, whose only interest in the corporation was on behalf of Mr. O.G. Jennings resigned; their resignations were to take effect upon the election of their successors. At a special meeting of the Board, June 17, 1916 the stockholders named J.T. Reid, O.P. Ankeny, E.M. Steninger and Paul G. Reid as Directors of the Company. Resignations of previous directors was accepted.

According to the 1945 tax return, the BVMC was inactive from 1943-1945. Claims included Buffalo Valley Gold Mining & Leasing Co (Iron Point, Indicator, Gold Bug, Independence, Honeycomb, Honeycomb No.1, Honeycomb No. 2, Honeycomb No. 3, Honeycomb No.4, Honeycomb No.5, and April Fool Fraction and Water rights in Mill Canyon) and the Mines Development Co. of Nevada (Aurum, Ajax, Bliss, Clearwater, Cable, Carmen, Fanny, Fanny No.1 Fanny No. 2, Fanny No. 3, Gold Coin, Modoc, and Victor and certain interests in and to the waters of Trenton Canyon). Ownership of Night Hawks, Night Hawks No. 1, Night Hawks No. 2, Night Hawks No. 3 was transferred from J.T. Reid to the company in June of 1936.
